20/0804N RYEBANK FARM, NORBURY, SY13 4HZ

Change of use of existing farm building to indoor dog exercise area and use of farm paddock for outdoor dog exercise.

After a view of the plans and a short discussion it was proposed by Cllr Shakeshaft that we make 'No Comment' on this application. This was seconded by Cllr Turnbull.

The Chairman outlined a protocol to follow for future planning applications that need a response outside our pre-arranged meeting schedule as follows.

1. Planning application sent to Clerk by Cheshire East Council
2. Planning application distributed to all Council members by the Clerk via email or text (Joe).
3. Councillors within ward will decide who visits neighbours and notify the other Councillors that they are the "appointed" person. Ideally for safety two members should be present. One member if no one else is available and not expected to be controversial. If controversial arrange for a member of a different ward to accompany.
4. If any Councillor has any comments on the planning application feedback to the appointed Councillor
5. Appointed Councillor will visit the sites neighbours within one week of receipt of the planning application.
6. Appointed Councillor will feedback immediately responses from residents to Clerk copying in all other Councillors.
7. If no more feedback is received Clerk will submit the appointed councillors response after 48 hours.

This proposal was unanimously approved by all present Cllrs.
